LostAlone

I'm just happy that it's over
This is what it's like when it's all done and over
I clothed myself in the sentiment of trust
I was losing, I was out of control
I'm just happy that it's over

This is what it's like when you're lost and you are over
This is what it's like when you're lost and you are over
This is what it's like when you're lost and alone
And the creature you are is all that you own
I'm just happy that it's over

What's the breathing without reason
In time I will recover feeling
Sin and virtue I hold on to
On and on and on and on

This is what it's like when you're lost and alone
And the creature you are is the creature you own
I'm just happy that it's over

I'm at peace in this explosion
And the creature love inspires takes over

This is what it's like when you're lost and alone
And the creature you are is all that you own
I'm just happy that it's over

What's the breathing without reason
In time I will recover feeling
Sin and virtue I hold on to
On and on and on and on

This is what it's like when you're lost and alone
And the creature you are is the creature you own
I'm just happy that it's over
