

Always All Ways

Lostprophets

I guess i'm trying to say "i'm sorry"
but it always comes out wrong
i think a part of you still loves me
even though we are moving on

always, all ways i want it us to be
always, all ways YOU and ME

And i wait 'til i'm on my own
and i wait for you to see
all the time i spend alone now, won't comfort me

always, all ways

and i'm sorry for what happened
but i want you now to see
that i'm changing all my actions
i don't wanna set you free

always, all ways i wanna see it through
always, all ways ME and YOU

and i wait 'til i'm on my own
and i wait for you to see
all the time i spend alone now, won't comfort me

'cause i'm waiting for you, yeah, i'm waiting for you
give me answers, get me through
i'll wait for you

always, all ways i wanna it us to be
always, all ways YOU and ME

and i wait 'till i'm on my own
and i wait for you to see
all the time i spend alone now, won't comfort me

cause i'm waiting for you, and i'm waiting for you
give me answers, get me through
i'm waiting
cause i'm waiting for you, yeah, i'm waiting for you (back "Always, All ways")
give me answers get me through
i'll wait

always, all ways
