

# It's Not the End of the World, But I Can See It from Here

Lostprophets

My soldiers march tonight  
In the city of your dreams  
This beautiful army  
Are tearing at your seams  
Down on your knees  
Go and ask disease  
I'll take it all everything I see  
Oh can't you hear the symphony?

Behind these walls  
They're watching for  
As our union crumbles into hell

It's not the end of the world now baby  
So come on cry those tears  
It's not the end of the world now darling  
But I can see it from here!

Oh baby don't cry tonight  
Because your tears they will clean  
I didn't know this blood red rune  
Was deafened by your screams  
Watch what you say  
I will betray  
My promises they will decay  
I'll make amends but not today

Behind these walls  
They're watching for  
As our union crumbles into hell

It's not the end of the world now baby  
So come on cry those tears  
It's not the end of the world now darling  
But I can see it from here!

(It's not the end of the world now baby  
So come on cry those tears  
It's not the end of the world now darling  
BUT I CAN SEE IT FROM HERE!  
I CAN SEE IT FROM HERE!
