

# Like a Fire

Lostprophets

It seems, to me  
I've never seen today  
I know the enemy is watching  
So why don't you go  
Always try to keep me so  
I'm feeling is so cold  
It seems, the water, never swim to deep

Yes, it hurts, giving up like a fire  
Yes, it hurts, giving up like a fire

(Doused)

Between, today  
I know it's not too late  
Some trouble in your sleep  
No yeah but, so why don't you go  
Another life to keep  
This heat today

Yes, it hurts, giving up like a fire  
Yes, it hurts, giving up like a fire

(Doused)

Never go, never go, never go...

Yes, it hurts, giving up like a fire  
Yes, it hurts, giving up like a fire

(Doused)

Yeah Don't cry
