

# Sunshine

Lostprophets

Where the sun don't shine  
You'll find me  
Find me doing fine  
Where the sun don't shine  
Tear the love inside  
That binds me  
Binds me to your kind  
Oh that sun won't shine

I could walk away  
From the light of day  
And i'll be happy in the dark  
Disassemble in the parts  
That you made  
That you save

I will be the one  
Underneath the sun  
I want to close all the doors  
Survive under my floors  
I betrayed  
Your decayed

All the time i gave  
Was just enough to put my heart in its grave  
Listen to what i say

Where the sun don't shine  
You'll find me  
Find me doing fine  
Where the sun don't shine  
Tear the love inside  
That binds me  
Binds me to your kind  
Oh that sun won't shine

I want to watch you crawl  
Cry a waterfall  
Revenge will never be alright  
Dancing in the night  
Just to play one more game

Stories that i weave  
Just don't anger me  
Cause once my teeth is in your skin  
I can bite you into sin  
Disarrayed  
Now you are plagued

All the time i gave  
Was just enough to put my heart in its grave  
Listen to what i say

Where the sun don't shine  
You'll find me  
Find me doing fine  
Where the sun don't shine

Tear the love inside  
That binds me  
Binds me to your kind  
Oh that sun won't shine

(Where the sun don't shine)  
Where the sun don't shine  
You'll find me  
Find me doing fine  
Where the sun don't shine  
Tear the love inside  
That binds me  
Binds me to your kind  
Oh that sun won't shine  
Ohhh no
