

# We Are Godzilla, You Are Japan

Lostprophets

I hear all your whining  
All this talking on my back  
The time is coming  
The time has come for our attack  
A new sun rising  
A new ride in your world of black (/blood)  
Dont try to stop me  
Youll break like glass

Move over son  
Your time is done  
So we can't drag under our feet  
The cities gone  
We can see you won  
Cos you can't  
Take the weight

Lets go  
The only way we know  
Is taking you out

Did you not understand me?  
Or are you not listening  
LISTEN!  
A new day dawning  
And we're taking back your lies (/life)  
You look so pathetic  
And we're taking back control  
I'm sorry but we have to let you go

Move over son  
Your time is done  
So we can't drag under our feet  
The cities gone  
We can see you won  
Cos you can't  
Take the weight

Lets go  
The only way we know  
Is taking you out

Taking you out!!
