

# Mary

Lou Barlow

Immaculate conception, yeah right  
Crazing Mary, good that you lied  
A test tomb baby, seed of the lord  
Breaking the law with the man next door

Blame it on it an angel, they'll believe  
Joseph will wonder but you know he won't leave  
Cause they all love you, I still do  
Magic in the air swirling all around you

Mary, Mary under a veil of stars  
You changed the world,  
You broke my Heart  
Thank you Mary, you saved me too  
They'd stone us both if they ever knew

You sold out the manger, well all right  
They Mystery  
They say that he's the one  
Brother Joseph got a king for a stepson

Mary, Mary under a veil of stars  
You changed the world,  
You broke my Heart  
Thank you Mary, you saved me too  
They'd stone us both if they ever knew

Mary kissed me, we lost control  
The oldest story never told  
Crazy Mary, ever divine  
They'll never know the baby was mine

Mary, Mary under a veil of stars  
You changed the world,  
You broke my Heart  
Thank you Mary, you saved me too  
They'd stone us both if they ever knew
