

Can I Tico Tico You

Lou Bega

Baby you're my freak once in a week
we gettin' kind of deep in my 86' jeep
I don't play no tricks you know the bomb ticks
the only style I play is my self-made hits
and it kicks like that yo'it really does
was it number one hell yo'it really was
I got the swing the king is back in the ring
ladies throw their brass when I start to sing

can I rock it can I knock it
can I lick it can I tick it can I top it
you make me hazy you make me crazy
and baby I don't know what I can do

We can start somethin' fantastic that you never knew
forget about your live in plastic when I keep my eyes on you
I can't cool down because it's gettin' hot
so please baby please baby never let us stop
and it kicks like that yo'it really does
was it number one hell yo'it really was
I got the swing the king is back in the ring
ladies throw their brass when I start to sing

can I rock it can I knock it
can I lick it can I tick it can I top it
you make me hazy you make me crazy
and baby I don't know what I can do

I can't sleep and I can't sing until you swing that sexy thing
and if you wanna be my girl then jump into my crazy world
and now the only part I'm missin' is your lovin' and your kissi
n'
and if you wanna be my girl then jump into my crazy world

can I rock it can I knock it
can I lick it can I tick it can I top it
you make me hazy you make me crazy
and baby I don't know what I can do
