

# Dance Like an African

Lou Bega

Wela, Wela  
Time, ain't nothing but an illusion  
Sometimes, we find  
Nothing but confusion, that makes us fly  
Now throw away your fears,  
'cause happiness is here  
Let me in you ears

Singin'

Wreck it down break it down like an African  
Move your body to my sound like an African  
Try it out very loud like an African  
We can dance, dance like an African

Hiya,Hiya like an African  
Hiya,Hiya like an African  
Hiya,Hiya like an African  
Hiya,Hyia

Wela, Wela  
Wela, Wela  
Waves, It's like a river:  
There's no escape  
You don't have to shiver,  
There is a friend,  
Now throw away you fears,  
'cause happiness is here,  
Let me in your ears

Singin'

Wreck it down break it down like an African  
Move your body to my sound like an African  
Try it out very loud like an African  
We can dance, dance like an African

Hiya, Hiya like an African  
Hiya, Hiya like an African  
Hiya, Hiya like an African  
Hiya, Hiya

Wela, Wela  
Wela, Wela

Wreck it down break it down like an African  
Move your body to my sound like an African  
Try it out very loud like an African  
We can dance,dance like an African

Wreck it down break it down like an African  
Move your body to my sound like an African  
Try it out very loud like an African  
We can dance,dance like an African
