

Shy Boy

Lou Christie

Shy, shy, shy yi yi yi boy
Shy, shy, shy yi yi yi boy
Shy boy, oh no, shy boy, oh no

To love, I wanted to walk like a man, ask for your hand
& oh, now that I care, I stand & stare
'Cause I'm a shy boy, oh no, shy boy, oh no

& now, & now that love is here, words disappear
To love, I laughed at other lovers
But I wanna change, I've gotta change
'Cause I'm a shy, shy, shy yi yi yi boy
Shy, shy, shy yi yi yi boy

Now that love is beginning (I'm a shy boy)
Please be the first to take my hand (I'm a shy boy)
I'm so afraid you'll walk away
You'll turn me down, you're gonna make me a clown
(Without a chance)
To prove I'm not a shy boy, shy boy, oh no
I'm only a shy yi yi boy, shy boy, oh
Don't wanna be a shy boy (shy boy)
A shy yi yi yi...
...& fade
