

# Shy Boy

Lou Christie

Shy, shy, shy yi yi yi boy  
Shy, shy, shy yi yi yi boy  
Shy boy, oh no, shy boy, oh no

To love, I wanted to walk like a man, ask for your hand  
& oh, now that I care, I stand & stare  
'Cause I'm a shy boy, oh no, shy boy, oh no

& now, & now that love is here, words disappear  
To love, I laughed at other lovers  
But I wanna change, I've gotta change  
'Cause I'm a shy, shy, shy yi yi yi boy  
Shy, shy, shy yi yi yi boy

Now that love is beginning (I'm a shy boy)  
Please be the first to take my hand (I'm a shy boy)  
I'm so afraid you'll walk away  
You'll turn me down, you're gonna make me a clown  
(Without a chance)  
To prove I'm not a shy boy, shy boy, oh no  
I'm only a shy yi yi boy, shy boy, oh  
Don't wanna be a shy boy (shy boy)  
A shy yi yi yi...  
...& fade
