

# Hangin' On My Hip

Lou Gramm

I take big dreams to extremes, nothing's going to stand in my way  
I'm the live wire, I'll take you higher, don't tell me what to do or say  
Not today, tomorrow, the pain, sorrow  
I'm living with it day to day

Don't even think about it now, it doesn't matter anyhow  
You know I'm gonna do it anyway, hey  
I got it hangin' on my hip, I got it hangin' on my hip  
I'll make you believe, my heart ain't pinned to my sleeve

Hangin' on my hip  
You better face facts, no turning back  
You won't find me waiting in the wings  
I'll take a heavy hand, to a better plan

I'll be right here when the bell rings  
Today, tomorrow, the pain, sorrow  
You know that it's sad but true  
Well, if they had a heart, I'd be tearing it apart

Ya see I can put together two and two, hey  
Hangin' on my hip, you want to see it  
It's hangin' on my hip, hangin' on my hip  
I got it hangin' on my hip

I got it hangin' on my hip, yeh, it's hangin' on my hip  
I got it hangin' on my hip, hangin' on my hip  
I got it hangin' on my hip, yeh, it's hangin' on my hip  
Hangin' on my hip, hangin' on my hip
