Hangin' On My Hip

Lou Gramm

I take big dreams to extremes, nothing's going to stand in my w ay I'm the live wire, I'll take you higher, don't tell me what to do or say Not today, tomorrow, the pain, sorrow I'm living with it day to day

Don't even think about it now, it doesn't matter anyhow You know I'm gonna do it anyway, hey I got it hangin' on my hip, I got it hangin' on my hip I'll make you believe, my heart ain't pinned to my sleeve

Hangin' on my hip You better face facts, no turning back You won't find me waiting in the wings I'll take a heavy hand, to a better plan

I'll be right here when the bell rings Today, tomorrow, the pain, sorrow You know that it's sad but true Well, if they had a heart, I'd be tearing it apart

Ya see I can put together two and two, hey Hangin' on my hip, you want to see it It's hangin' on my hip, hangin' on my hip I got it hangin' on my hip

I got it hangin' on my hip, yeh, it's hangin' on my hip I got it hangin' on my hip, hangin' on my hip I got it hangin' on my hip, yeh, it's hangin' on my hip Hangin' on my hip, hangin' on my hip
