I would not run from the holocaust I would not run from the bomb I'd welcome the chance to meet my maker and fly into the sun Fly into the sun fly into the sun I'd break up into million pieces and fly into the sun I would not run from the blazing light I would not run from its rain I'd see it as an end to misery as an end to worldly pain An end to worldly pain an end to worldly pain I'd shine by the light of the unknown moment to end this worldly pain And fly into the sun fly into the sun I'd shine by the light of the unknown moment and fly into the sun The earth is weeping, the sky is shaking the stars split to their core And every proton and unnamed neutron is fusing in my bones And an unnamed mammal is darkly rising as man burns from his tomb And I look at this as a blissful moment to fly into the sun Fly into the sun fly into the sun I'd burn up into a million pieces and fly into the sun To end this mystery answer my mystery I'd look at this as a wondrous moment to end this mystery Fly into the sun fly into the sun I'd break up into a million pieces

and fly into the sun
