How Do You Think It Feels

How do you think it feels when you're speeding and lonely, come here baby How do you think it feels when all you can say is if only

If only I had a little if only I had some change, come here baby If only, if only, if only

How do you think it feels and when do you think it stops

How do you think it feels when you've been up for five days, come down here mama Hunting around always, ooohhh 'cause you're afraid of sleeping

How do you think it feels to feel like a wolf and foxy How do you think it feels

To always make love by proxy, huh how do you think it feels And when do you think it stops when do you think it stops
