

# Sick of You

Lou Reed

I was up in the morning with the TV blarin'  
Brush my teeth sittin' watchin' the news  
All the beaches were closed the ocean was a Red Sea  
But there was no one there to part in two

There was no fresh salad because there's hypos in the cabbage  
Staten Island disappeared at noon  
And they say the midwest is in great distress  
And NASA blew up the moon

The ozone layer has no ozone anymore  
And you're gonna leave me for the guy next door  
I'm Sick of You  
I'm Sick of You

They arrested the Mayor for an illegal favor  
Sold the Empire State to Japan  
And Oliver North married William Secord  
And gave birth to a little Teheran

And the Ayatollah bought a nuclear warship  
If he dies he wants to go out in style  
And there's nothing to eat that don't carry the stink  
Of some human waste dumped in the Nile

We one thing is certainly true  
No one here knows what to do  
And I'm Sick of You  
I'm Sick of You

The radio said there were 400 dead  
In some small town in Arkansas  
Some whacked out trucker drove into a nuclear reactor  
And killed everybody he saw

Now he's on Morton Downey and he's glowing and shining  
Doctors say this is a medical advance  
They say the bad makes the good and there's something to be learned  
In every human experience

Well I know one thing that really is true  
This here's a zoo and the keeper ain't you  
And I'm sick of it  
I'm Sick of you

They ordained the Trumps and then he got the mumps  
And died being treated at Mt. Sinal  
And my best friend Bill died from a poison pill  
Some wired doctor prescribed for stress

My arms and legs are shrunk the food all has lumps  
they discovered some animal no one's ever seen  
It was an inside trader eating a rubber tire  
after running over Rudy Giuliani

They say the President's dead but no one can find his head  
it's been missing now for weeks

But no one noticed it he had seemed so fit  
and I'm Sick of it

I'm Sick of You  
I'm so Sick of You, bye, bye, bye

Bye, bye, bye
