

## Sword of Damocles - Externally

Lou Reed

I see The Sword of Damocles is right above your head  
They're trying a new treatment to get you out of bed  
But radiation kills both bad and good, it can not differentiate  
So to cure you they must kill you  
The Sword of Damocles hangs above your head

Now I have seen lots of peoples die from car crashes or drugs  
Last night on 33rd st. I saw a kid get hit by a bus  
But this drawn out torture over which part of you lives is very  
hard to take  
To cure you they must kill you  
The Sword of Damocles above your head

That mix of morphine and dexedrine, we use it on the street  
It kills the pain and keeps you up, your very soul to keep  
But this guessing game has its own rules, the good don't always  
win  
And might makes right  
The Sword of Damocles is hanging above your head

It seems everything's done that must be done  
From over here though things don't seem fair  
But there are things that we can't know  
Maybe there's something over there

Some other world that we don't know about  
I know you hate that mystic shit  
It's just another way of seeing  
The Sword of Damocles above your head
