

Lonely Player

Loudness

Woo yeah!!

He played a fool

Getting serious with you

A self-conceited fool

Your finger-playin' melts my bone

I'll hold you at once and you'll be mine

A stage played by self-conceited fool

Won't take a breath, I'm dreamin'

The petals are already wet

Your mysterious love took my breath away

Don't Don't Don't leave me

Ah ah ah ah

Don't leave me

Don't go

No No
