

Slain by a psycho killer
Shedding tears in a silent rage
There's no place to vent the anger
Allow me to retaliate

It's an evil patronage
Left-winged, hiding their faces
You're a media parasite
Feeding victims to the lions

Lunatics - They are on the run
Faked innocence
Lunatics - They are on the run

Lunatic - Let him go
Ain't guilty - Let him go
Lunatic - Lunatic

Who's it for? Human rights?
Crumbling down - Human rights

Don't you turn your eyes away
You never learn from tragedy
Is it gonna be the same again?
Are we the ones to pay the price?

The boy calls himself a psycho
Exploiting legal loopholes
Once he acts all paranoid
The human rights will set him free

Lunatic - Let him go
Let me out
Lunatic - Let him go

Who's it for? Human rights?
Crumbling down - Human rights
Filthy as sin - Human rights
Evil-eyed - Human Rights

Who's it for? Human rights?
Crumbling down - Human rights

Who's it for? Human rights?
Crumbling down - Human rights
Filthy as sin - Human rights
Evil-eyed - Human Rights
Lunatic - Let him go

Lunatic - Let him go
