

# Paralyzed

Loudness

You, cursed my soul  
With the force of a demon's hold  
Pain inside my brain  
Nothing relieves it, like gone insane

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye

Paralyzed, sacrificed, paradise  
Paralyzed, paralyzed, paralyzed

You, crossed the line  
Took my eyes and struck me blind  
Face, the endless waste  
You have deceived me, I've lost the race

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye

Paralyzed, sacrificed, paradise  
Paralyzed, paralyzed, paralyzed  
Paralyzed, sacrificed, paradise  
Paralyzed, paralyzed, paralyzed

Liar, desire, fire, desire  
You, crushed my hope  
At the end of a hangman's rope  
Night, the final flight  
No one believes me, you stole the light

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye

Paralyzed, sacrificed, paradise  
Paralyzed, paralyzed, paralyzed  
Paralyzed, sacrificed, paradise  
Paralyzed, paralyzed, paralyzed
