

## S.D.I.

Loudness

Hell.....

Hear the thunder crashing through the night  
Storm clouds brewing in the East  
Out in the East, see the fire blazing out of sight  
Tempest raging from the Beast  
Where can we go?  
In the spirit of survival  
Undercover in the danger zone  
All the nations will be glowing  
On their way to hell

Death and danger on the horizon  
Terror all across the land  
Feel the power, weapons of destruction  
Soldiers take the final stand  
Who's in command  
Can you feel the wind is blowing  
Falling angels on the high frontier  
Reaching out in desperation

On their way to push the button down  
S.D.I.  
They're going all the way  
S.D.I.  
Such a foolish game  
S.D.I.  
There's no one left to blame  
S.D.I.

Angels of death are marching closer  
The last supper's held  
Here in the land you'll see no more  
I'll see you in hell  
They call it war  
They call it war  
S.D.I., S.D.I., S.D.I.  
Hear the thunder crashing through the night  
See the fire blazing out of sight  
S.D.I., S.D.I., S.D.I.
