You've been running around Trying to keep me hungry It doesn't mean a thing to me

Take it or leave it Take it or leave it

What's this talk I'm hearing You can't take the heat If you ask me I'll just say

Take it or leave it

You don't like the way I'm up and down You should know If you can't understand Then baby, maybe you should go

Will this ever end Or is this just beginning This shit has got to hit the fan

Take it or leave it

Don't you know you've gotta Take the good with the bad You should take the time To realize what you had

Well if you don't like it You can use the door Find yourself another life

Take it or leave it

You've been running around Trying to keep me hungry It doesn't mean a thing to me

Take it or leave it Take it or leave it

Take it
