

## Mr. Ambivalent

Loudon Wainwright III

Mr. Ambivalent  
You ain't going nowhere  
Sitting on that fence  
Mr. Ambivalent  
We're all sick and tired  
Of your ambivalence

Mr. Ambivalent  
You don't gain no ground  
When you stay in one spot  
Mr. Ambivalent  
Make a little movement  
Or get off of the pot

If you love it and you hate it  
You just stay in a bind  
Take it or leave it  
Make up your mind

Mr. Ambivalent  
You got options open  
But you're headed for a fall  
Mr. Ambivalent  
You'll wind up with nothing  
Because you want it all

Mr. Ambivalent  
First you say you're sure  
And then you're not so sure  
Mr. Ambivalent  
No one thinks it's cute  
When you're so damned demure

If you love it and you hate it  
You just stay in a bind  
Take it or leave it  
Make up your mind

Mr. Ambivalent  
Lord, you love to waffle  
How you go back and forth  
Mr. Ambivalent  
You say you're flying south  
And then you stay up north
