

It's A Great, Great Pleasure

Louis Jordan

It's a great, great pleasure, a great, great, great, big thrill
It's a great, great pleasure, a great, great, great, big thrill
When you got your baby and a whole lotta time to kill

Did you ever get a feelin' that your feet had turned to stones?
Do you ever get a feelin' that your feet had turned to stones?
Do you get a funny feelin' running up and down your bones?
That's rheumatism

It's a great, great pleasure, a great, great, great, big thrill
It's a great, great pleasure, a great, great, great, big thrill
When you got your baby and a whole lotta time to kill

Did you ever feel lucky and wake up cold in hand?
Did you ever feel lucky and wake up cold in hand?
Find you ain't got a nickel and your woman's got another man
Bad deal
