

# Too Young

Louis Tomlinson

We were too young to know we had everything  
Too young, I wish I could've seen it all along  
I'm sorry that I hurt you, darling, no, oh  
We were too young

I've been looking back a lot lately  
Me and you is all I've ever known  
It's hard to think you could ever hate me  
But everything's feeling different now

Oh, I can't believe I gave in to the pressure  
When they said a love like this would never last  
So I cut you off 'cause I didn't know no better  
Now I realise, yeah, I realise

We were too young to know we had everything  
Too young, I wish I could've seen it all along  
I'm sorry that I hurt you, darling, no, oh, oh  
We were too young (Ooh, ah)  
We were too young (Ooh, ah)  
We were too young

Face-to-face at the kitchen table  
This is everything I've waited for  
Now we can finally have a conversation  
That I wish we could've had before

Oh, I can't believe I gave in to the pressure  
When they said a love like this would never last  
So I cut you off 'cause I didn't know no better  
Now I realise, yeah, I realise

We were too young to know we had everything  
Too young, I wish I could've seen it all along  
I'm sorry that I hurt you, darling, no, oh  
We were too young (Ooh, ah)  
We were too young (Ooh, ah)  
We were too young

It's been two years since I've seen your face  
Tryna find some better words to say  
Before I let this moment slip away  
'Cause now I realise

We were too young to know we had everything  
Too young, I wish I could've seen it all along  
I'm sorry that I hurt you, darling, no, oh, oh  
We were too young (Ooh, ah)  
We were too young (Ooh, ah)  
We were too young (Ooh, ah)  
We were too young (Ooh, ah)  
We were too young
