

## Two of Us

Louis Tomlinson

It's been a minute since I called you  
Just to hear the answer phone  
Yeah, I know that you won't get this  
But I'll leave a message so I'm not alone

This morning I woke up still dreaming  
With memories playing through my head  
You'll never know how much I miss you  
The day that they took you  
I wish it was me instead

But you once told me 'don't give up  
You can do it day by day'  
And diamonds, they don't turn to dust  
Or fade away

So I will keep you day and night  
Here until the day I die  
I'll be living, one life for the two of us  
I will be the best of me  
Always keep you next to me  
I'll be living, one life for the two of us

Even when I'm on my own  
I know I won't be alone  
Tattooed on my heart  
Are the words of your favourite song  
I know you'll be looking down  
Swear I'm gonna make you proud  
I'll be living, one life for the two of us

I can feel your blood run through me  
You're written in my DNA  
Looking back in every mirror  
I know you'll be waiting  
I'll see you again

But you once told me don't give up  
You can do it day by day  
And diamonds, they don't turn to dust  
Or fade away (Fade away)

So I will keep you day and night  
Here until the day I die  
I'll be living, one life for the two of us  
I will be the best of me  
Always keep you next to me  
I'll be living, one life for the two of us

Even when I'm on my own  
I know I won't be alone  
Tattooed on my heart  
Are the words of your favourite song  
I know you'll be looking down  
Swear I'm gonna make you proud  
I'll be living, one life for the two of us

I promised you I'll do this  
So all of this is all for you  
Oh I swear to God you're living  
Through everything I'll ever do

So I will keep you day and night  
Here until the day I die  
I'll be living, one life for the two of us  
I will be the best of me  
Always keep you next to me  
I'll be living, one life for the two of us

Even when I'm on my own  
I know I won't be alone  
Tattooed on my heart  
Are the words of your favourite song

I know you'll be looking down  
Swear I'm gonna make you proud  
I'll be living, one life for the two of us  
One life for the the of us  
I'll be living, one life for the two of us

We'll end just like we started  
Just you and me and no one else  
I will hold you where my heart is  
One life for the two of us
