

# Free Won't Be What it Used to Be

Louis XIV

Why do I have to be such a drag?  
Or am I just spitting venom?  
Maybe I'm just out of line  
If I haven't yet, baby just give me time

Did it break your heart?  
Do I break your heart?  
Put a needle in my vain and I fall apart  
Put a needle in my vain and I fall apart

Is it something you miss?  
Did you sign up to die for this?  
Watch your soldier the human cause  
The general gave the order because the politicians want some  
money for alls  
Corruption kills  
Greed kills the young at heart  
Put the cash in their hands and they fall apart  
Why do I have to be such a drag?  
Or am I just spitting venom?  
Maybe I'm just out of lines  
If I haven't yet, baby just give me time

Did it break your heart?  
Do I break your heart?  
Put a needle in my vain and I fall apart  
Put a needle in my vain and I fall apart

Will you die in the sand?  
Will you die in the hands of the men that never knew you?  
Corruption kills the young at heart  
Ahhhhhhhhhhhhhhhh

Is it something you miss?  
Did you sign up to die for this?  
Watch your soldier the human cause  
Used to be  
(That you didn't...)  
Used to be  
Stick a knife in his heart  
He stuck a knife in his heart

Put a needle in my vain and I fall apart  
Put a needle in my vain and I fall apart
