

# God Killed The Queen

Louis XIV

If you want to take my body tonight  
Then you got to be somebody tonight  
Use me just to make your body feel right  
If you want to take my body tonight

Well God killed the queen  
My body tonight  
Well God killed the queen  
My body tonight

Oh yeah

I think I'm seeing double  
I think I'm seeing double  
God takes time and money  
I think I'm seeing double  
He never made a dime on me  
I think I'm seeing double

If you want to take my body tonight (I think I'm seeing double)  
Then you got to be somebody tonight (I think I'm seeing double)  
Use me just to make your body feel right (I think I'm seeing do  
uble)  
God killed the Queen

For case up (I'll probably take)  
Well count it  
Well count it  
Well count it (My body tonight)  
Well count it

Well I don't know what I'm doing here

So she's so loaded

5, 6 time on me (I think I'm seeing double)  
God takes time on me (I think I'm seeing double)  
He never made a dime on me (Wait till you're seeing it)

I think I'm seeing double  
I think I'm seeing double  
Use me just to make your body feel right (I think I'm seeing do  
uble)

Well God killed the Queen
