

# The Ghost Of Chapel Royal

Louis XIV

This soul has not yet been taken  
Could I request it back at once gratefully  
The sky's so blue  
It's an ocean  
An ocean with all sorts of life in it  
But me  
Why did you have to go away?  
Why did you have to go away?

Mother, you'd scream at the king  
Like he's a servant from day one  
And you created a hole in his solid stability  
You knocked him clear off his limestone rocker  
Now he has left all this kingdom to me  
And I'm so afraid to rule alone  
Now this kingdom, your closet, I'm locked in  
Is now my home

Daddy, why suicide?  
Why couldn't you just cry instead?  
Daddy, why suicide?  
Why couldn't you just cry instead?  
Daddy, why suicide?  
Why couldn't you just cry instead?
