Never Too Late

Louise

I know I never gave you
What you wanted from me
I only caused you pain and misery
I know I hesitated when I
Should've come through
Should've made the commitment you
Always wanted me to

And I know it ain't right
And you know it ain't right
To ruin our lives
Over one foolish fight

It's never too late to change your mind
It's never too late to turn back time
Sometimes you hurt sometimes you cry
It's never too late to change your mind
Call me
Baby call me

What's this I hear about you gonna
Walk down the aisle
You know this is crazy boy
You're just in denial
Why are you doing this is it just out of spite
Are you afraid of being left alone like
I left you so many nights

And I know it ain't right
And you know it ain't right
To ruin our lives
Over one foolish fight

It's never too late to change your mind
It's never too late to turn back time
Sometimes you hurt sometimes you cry
It's never too late to change your mind
Don't throw love away baby
Call me
Baby call me

Will we ever turn this love around
Will we ever turn this love around
Will we ever turn this love around

It's never too late to change your mind
Sometimes you hurt sometimes you cry

I know I'm in your heart
There's no doubt you're in mine
This kind of love you only
Find once in a lifetime

It's never too late to change your mind
It's never too late to turn back time
Sometimes you hurt sometimes you cry
It's never too late to change your mind

Don't throw it all away baby
Call me
Baby call me
Just call me

Don't throw it all away baby
Call me
Baby call me
Just call me
