

Running Back For More

Louise

I never gave a thought about you
And what you meant to me
But baby, I know I was wrong
For now I've found that you have gone and I'm all alone

I never stopped to listen to the things you said to me
And now I can't forget the time
When I was young and you were mine
It was paradise

I hear my baby when I'm sleeping
Into my dreams, he's softly creeping
I know that I just can't break free
Of the sweet and tender memories of you

Got me running back for more
You've got me running back for sure
And know what I've lost, what else can I do
But you come running on back to you

You got me running
Running back for more
You got me running
Running back for more

It's true I thought I had it all
And didn't need no one
But everyday I hope and pray
That you come around my way and that you will stay

When my true feelings, I can give mine
The truth I'm hiding, deep down inside
And so to you, I will confess
Baby, what I need is the tenderness of you

Got me running back for more
You've got me running back for sure
I know what I've lost, what else can I do
But you come running on back to you

You got me running
Running back for more
You got me running
Running back for more

You got me running
You got me running
You got me running
Back for more

I hear my baby when I'm sleeping
Into my dreams, he's softly creeping
I know that I just can't break free
Of the sweet and tender memories of you

Got me running back for more
You got me running back for sure

I know what I've lost, what else can I do
But you come running on back to you

Running back for more
You got me running back
You got me running, you got me running
You got me running

'Cause there's no way that I would be walking
'Cause it's you that I wanna be talking

Yes, I'm running
I'm running
Yes, I'm running, running
Running on back to you
