

My Disaster

Love and Death

How can you watch me suffer
How does it feel
Why do you stay so silent
Will the time reveal

You're the leader I follow
Am I a victim of circumstance

R:
Feeling everything
Crashing down on me
Lost and so afraid
It's my Disaster
Losing everything
Giving all of me
I feel so betrayed
In my Disaster

How can you say you love me?
It's so unclear
I hope the pain will leave one day
With all the fear

You're the leader I follow
Am I a victim of circumstance

Feeling everything
Crashing down on me
Lost and so afraid
It's my Disaster
Losing everything
Giving all of me
I feel so betrayed
In my Disaster

But I'll make it through
But I'll make it through

I've got to dominate
I will not tolerate it
Will I appreciate
The pain that leads me to you

R:

But I'll make it through
My Disaster
But I'll make it through
My Disaster
