

## Amen

### Love and Theft

I know we shouldn't miss church  
But one Sunday won't hurt  
It's just one of those days besides  
I don't think the man will mind  
If I take in something spiritual  
Right Here right now  
In your eyes  
Can I get an amen  
Amen

I'm up for just laying in bed  
Shuttin' it down for once instead  
We've always gotta be somewhere  
This feels like an answered prayer  
So why don't we give that sweet red dress  
You wear so well the day off  
Can I get an amen

Every once in a while  
Every now and then  
Can I get an Amen  
Amen

Every once in a while  
Every now and then  
Can I get an amen  
Can I get an amen

Yeah I know we shouldn't miss church  
But one Sunday won't hurt  
I need an amen  
Amen  
Amen
