

Girls Look Hot In Trucks

Love and Theft

Auburn or 'Bama
Phillies or Atlanta
Is your favorite George Strait or Jones?
Jesus or Santa?
Miami or Montana?
There ain't a lot we can all agree on

But everybody knows a cold beer
Tastes a little better out here in the sun
And everybody knows the right song
Can make you wanna dance and drink and fall in love
And everybody knows girls look hot in trucks

Fords or Chevys
Earnhardt or Petty
Is your day off a rifle or a fishing pole
Bruettes or blond ones
Old trucks or new ones
There ain't a lot we can all agree on

Raise your cups a little prouder
Turn the music up a little louder
Tell me it ain't just us
Girls look hot in trucks

Everybody knows a cold beer
Tastes a little better out here in the sun
And everybody knows the right song
Can make you wanna dance and drink and fall in love
And everybody knows, everybody knows
Yeah, everybody knows, yeah, girls look hot in trucks
