

# If You Ever Get Lonely

Love and Theft

Thanks for calling  
It's so good to hear your voice  
But you keep breaking up  
In all the static and the noise  
But I keep listening  
'Cause I never had a chance when it came to you  
I'd love to see you  
If you're ever out this way

You sound happy  
Guess things are working out okay  
And I'm getting better  
At putting one foot in front of the other  
And I know that California ain't to blame  
An I know there's a ton of people in LA

But if you ever get lonely  
And you Miss Me  
If you need someone to listen  
Even if its only  
The sound of someone's voice who loves you  
That you need to hear  
you know where to find me  
If you ever get lonely

Sounds like a good time  
Going down at the other end  
You got a new love, got a new life  
A whole new set of friends  
Are you listenin'  
Do you expect me to pretend that I don't love you  
I don't love you

But if you ever get lonely  
And you miss me  
If you need someone to listen  
Even if it's only  
The sound of someone's voice who loves you  
That you need to hear  
You know where to find me if you ever get lonely

Were you ever really listening'  
Where you ever really there?  
But if you ever get lonely  
And you miss me and you need someone to listen  
even if it's only the sound of someone's voice who loves you  
that you need to hear  
You know where to find me  
If you ever get lonely  
If you ever get lonely
