

## More Than Money

Love Spit Love

I want more  
Than I thought I'd own  
I want order in my mind  
I want more  
I want more  
Than I thought I'd own  
I want hands to wave goodbye  
I want more  
Take the river down to  
Where the sea comes in  
I give up all I've got  
Well almost anything  
I wanted reason  
I've got a reason now  
I want more  
Than I thought I'd own  
I want order in my life  
I want more  
I want more  
Than I thought I'd own  
I want hands to wave goodbye  
I want more  
Take the river down to  
Where the children sing  
I'll give up all I've got  
Well almost anything  
I wanted reason  
I've got a reason now  
I want more (take the river down to)  
(Where the sea comes in)  
Than I thought I'd own (I give up all I've got)  
(Well almost anything)  
I want order in my mind (I wanted reason)  
(I've got a reason now)  
I want more  
I want more (take the river down to)  
(Where the children sing)  
Than I thought I'd own (I'll give up all I've got)  
(Well almost anything)  
I want hands to wave goodbye (I wanted reason)  
(I've got a reason now)  
I want more
