

Bummer in the Summer

Love

Well I remember when you
Used to look so good
And I did everything
That I possibly could for you
We used to ride around all over town
But they're puttin' you down
For bein' around with me
But you can go ahead if you want to
'Cause I ain't got no papers on you

In the middle of the summer
I had a job bein' a plumber
Just to pass till the fall it was you
I want to ball all day
Ah-we were walkin' along, honey
Hand in hand
I'm a-thinkin' of you, mama
When you're thinkin' of another man
But you can go ahead if you want to
'Cause I ain't got no papers on you
(No, I don't I ain't got no papers on myself)

All alone on the bone
When I didn't have a home
When I saw the way I was
And I knew where I was supposed to be
I was twitchin' so I turned
And it's really hard to learn
That everyone I saw
Was just another part of me
But you can go ahead if you want to
'Cause nobody's got no papers on you
(No, babe, it's just a falsehood)
