

Orange Skies

Love

Orange skies
Carnivals and cotton candy and you
And I love you too
You know I do

Nightingale
Prettier than anything in the world
And I love you too
You know I do

Yeah, you make me happy
Laughing, glad and full of glee
And you dont have to try, girl
For you it comes so naturally
Right here in my arms

Orange skies
Carnivals and cotton candy and you
And I love you too
You know I do

Yeah, you make me happy
Laughing, glad and full of glee
And you dont have to try, girl
For you it comes so naturally
Right here in my arms
