

## Orange Skies

Love

Orange skies  
Carnivals and cotton candy and you  
And I love you too  
You know I do

Nightingale  
Prettier than anything in the world  
And I love you too  
You know I do

Yeah, you make me happy  
Laughing, glad and full of glee  
And you dont have to try, girl  
For you it comes so naturally  
Right here in my arms

Orange skies  
Carnivals and cotton candy and you  
And I love you too  
You know I do

Yeah, you make me happy  
Laughing, glad and full of glee  
And you dont have to try, girl  
For you it comes so naturally  
Right here in my arms
