## **Orange Skies**

Orange skies Carnivals and cotton candy and you And I love you too You know I do

Nightingale Prettier than anything in the world And I love you too You know I do

Yeah, you make me happy Laughing, glad and full of glee And you dont have to try, girl For you it comes so naturally Right here in my arms

Orange skies Carnivals and cotton candy and you And I love you too You know I do

Yeah, you make me happy Laughing, glad and full of glee And you dont have to try, girl For you it comes so naturally Right here in my arms
