

# All Of Me

Lovebugs

I ain't got no money  
And I don't have a clue  
Ain't got no castle  
Or room with a view  
But all my love I share with you

I can't get no credit  
For a gaultier dress  
I got one pair of shoes  
And a life that's a mess  
But all my hope I share with you

Because all of you  
Is all I'm needing, yes it's true  
All of you is all of me

Ain't no superhero  
And the sky is too high  
No fearless pilot  
But I'll teach you to fly  
'cause all my dreams I share with you

Because all of you  
Is all I'm needing, yes it's true  
All of you is all of me  
All of me

Ain't no race-car driver  
Smoking cheap cigarettes  
But I'm true to myself  
And I got no regrets  
'cause all my life I share with you

Chorus
