

I'm Boring

Lovebugs

This is you
Sitting with your head between your knees
You're listening to your blood
Cause silence you can't stand

And there inside you
Another personality
Is shouting at you
Another possibility

I'm bored I'm bored about me
I'm bored I'm bored about
Most everything I do
Tell what can I do

Why can't I always fly
And why do I have to fall so deep
