

## Pop 'til You Drop

Lovebugs

You're just another superhero  
On satellite all day  
Straight from the supermarket  
Up to the milky way  
Now you say super-duper  
Fake pleasure and fake pain  
We're all your superlovers  
But we don't recall your name  
you're just another superzero  
Cocaine bought your airplay  
Cheap when the supersale's on  
But you don't care anyway  
You're travelling supersonic  
Drowning in champagne  
We know you're superficial  
You're losing your own game  
pop 'til you drop  
Pop 'til you drop  
Pop baby  
Pop 'til you drop  
Pop 'til you drop  
you just wannabe superfamous  
Sell your mother and your soul  
Shone like a supernova  
Now you suck like a black hole  
You loved the super troopers  
Those songs that made you cry  
But now you're nothing super  
And you dreams become a lie  
pop 'til you drop  
Pop 'til you drop  
Pop baby  
Pop 'til you drop  
Pop 'til you drop  
From the basement to the top
