Slumber

Lovebugs

I slumber all day long for that It will not make me sick again I slumber every single hour It's the same old trick again

I slumber cause I don't wanna feel And there's nowhere to escape I slumber since you went away And so it's all the same to me

Could be so much fun And so much happiness But I'm dead I'm dead for you Could be so much fun And so much happiness But you're dead you're dead for me

My fingertips won't feel They just wanna stay asleep And my legs won't make a move As long as you won't care

And your answering machine It stays dump as long as mine Just wanna stay alone Won't see your face in everyone

Fake myself Fake yourself
