

## Ghost By Your Side

Lovedrug

Remember I told you in life and death  
Don't bury our secrets, they will not tear us apart  
Because love means going this far  
Even when the ending is only the start  
If you dive into the ocean then I  
Will be the wave around you tonight  
If you're sinking then oh, it's alright  
'Cause I will be the ghost who is at your side  
Remember your demons will surface and fight  
But I will be a good phantom  
And keep on romancing this cold little devil's tribe  
And hold them away while you are escaping into the light  
So tell me where you've gone by now  
I'm getting no reception on my heart radio  
Now, meet me where the angels collide  
And I will be the ghost who is at your side, yeah  
Now, I'm changing, I am changing  
Now I'm changing for you, love  
And when you dive into the ocean alive  
Oh, I will be the ghost at your side  
And if you fall into the devil's tribe  
Oh, I will be the ghost at your side  
And when anywhere the angels collide  
Oh, I will be the ghost at your side  
Now dive into the blinding light
