

Heart Of Stone (Demo 2004)

Lovex

(Music : Sammy - Vivian - Theon Lyrics : Theon Orchestra arragments : Christian - Vivian)

I left my soul behind
I grew my conscience blind
Loved my self too much
to handle the truth

I had to ease my blues
I turned my back on you
And now I feel no pain

I have no fears
But still i feel i'm
Loosing touch with...

life...For i'm trough, i'm alone
inside my heart of stone
And it's you, it's you
Inside my heart of stone

I felt so bad for so long
I thought my heart would grow strong
But all my hope was
buried with your goodbyes
