

If She's Near

Lovex

I'm up against the best
'Cause whenever she is near
I'm my own worst enemy

Forbidden and so dangerous
But in spite of all we've been through I can't flee

(Ignite)
I'm about to hit the floor
(Right now)
I shouldn't have begged for more
(This fight)
I fight against myself
(This time)
I'm gonna lose so

Hold me down
I can't trust myself
If she's near
So please take me out of

Here right now
I can't trust myself
If she's near
So take me out of here

Somebody help me awake
I know this is surreal
And she makes me feel

Subconsciously self-destructive
'Cause her lies are lethal but insanely seductive

(This fight)
I fight against myself
(This time)
I'm gonna lose so

Hold me down
I can't trust myself
If she's near
So please take me out of

Here right now
I can't trust myself
If she's near
So take me out of here

Hold me down
I can't trust myself
If she's near
So please take me out of

Here right now
I can't trust myself
If she's near
So take me out of here
