I can't trust myself

So take me but of here

If she's near

I'm up against the best 'Cause whenever she is near I'm my own worst enemy Forbidden and so dangerous But in spite of all we've been through I can't flee (Ignite) I'm about to hit the floor (Right now) I shouldn't have begged for more (This fight) I fight against myself (This time) I'm gonna lose so Hold me down I can't trust myself If she's near So please take me out of Here right now I can't trust myself If she's near So take me out of here Somebody help me awake I know this is surreal And she makes me feel Subconsciosly self-destructive 'Cause her lies are lethal but insanely seductive (This fight) I fight against myself (This time) I'm gonna lose so Hold me down I can't trust myself If she's near So please take me out of Here right now I can't trust myself If she's near So take me out of here Hold me down I can't trust myself If she's near So please take me out of Here right now
