

Be There

Low

I don't wanna be there
When you're wrong.
I don't wanna be there
When you find out.
I don't wanna be there
When you break glass.
And I don't wanna be there
When they drag you out.
You can't speak backwards
You can't save the animals

And I don't wanna be there
When you're wrong.
And I don't wanna be there
When you find out.
I don't wanna be there
When you break glass.
And I don't wanna be there
When they drag you out.
