

## Clarence White

Low

Clarence White and Josh Murray  
I never thought I'd see the day  
It hurts to hear but it's so easy to say  
Clarence White

I know I shouldn't be afraid

You think it's pretty (oh no)  
I am a raging river  
I'll cut through your city (oh no)  
Just like destroying angel  
The one from the movie (oh no)  
The one with Charlton Heston  
That used to scare me

But I know I shouldn't be afraid  
I know I shouldn't be afraid  
I know I shouldn't be afraid  
I know I shouldn't be afraid.
